

REMARKS/ARGUMENTS

The Official Communication of September 12, 2008 has been considered. The Board of Patent Appeals and Interferences has reversed the rejections against dependent Claim 32, and the Communication requests that Claim 32 be rewritten in independent form. Claim 36 has already been allowed, and the rejection to Claim 37 was also reversed, but these claims are already in independent form and need no further amendments.

Claim 32 has been redrafted in independent form, as shown above. It is believed that this amendment fully complies with the request in the Official Communication, and the application with Claims 32, 36 and 37 is in condition for allowance.

Authorization is given to charge Deposit Account No. 50-3581 (NOKM.016PA) any necessary fees for this filing. If the Examiner believes it necessary or helpful, the Examiner is invited to contact the undersigned attorney to discuss any issues related to this case.

Respectfully submitted,
